Correction to:

Journal of General Plant Pathology (2018) 84:230–236
<https://doi.org/10.1007/s10327-018-0776-5>

The authors would like to correct the errors in the publication of the original article.

The first eight sentences under the subheading “PCR, cloning, and sequencing” in the “Materials and methods” section contained errors in the primer sequences and in the one of the reference citations.

The sentences should read as:

“The ribosomal DNA sequences (rDNA) including two ITS and 5.8S ribosomal RNA were amplified using the primers of Ferris et al. (1993): forward (CGTAACAAGGTAGCT GTAG) and reverse (TCCTCCGCTAAATGATATG). Partial sequences of the mitochondrial cytochrome *b* gene (*cytb*) were amplified using primers INRAcytL (GGGTGTGGC CTTGTTATTTTC) and INRAcytR (ACCAGCTAAAAC CCCATCCT) (Picard et al. 2007).”

The below reference should be included in the reference list.

Reference

Ferris VR, Ferris JM, Faghihi J (1993) Variation in spacer ribosomal DNA in some cyst-forming species of plant parasitic nematodes. *Fundam Appl Nematol* 16:177–184
