Correction to: Primates (2008) 49:116–125
<https://doi.org/10.1007/s10329-007-0073-y>

In our published original paper, we found an error in a figure described in the sentence starting on line 14 on the right column of page 118. We correct the sentence as follows:

“The mean density of food trees that comprised at least 1% of the annual feeding time was 1,493 trees/ha in the coniferous forest (Hanya 2004b), which is much larger than

that in the coastal forest (505 trees/ha; Agetsuma 1995; Agetsuma, unpublished data)”.

This correction does not affect other parts of this paper, including the conclusion. The authors apologize sincerely for this error.

Publisher's Note Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.
