The two papers listed below were jointly the most frequently cited in 2020 among those published in *Primates* during the period from 2018 to 2019. Their authors thus contributed greatly to enhancing the reputation of our journal. For this achievement, each author will receive declarations attesting to their contributions.

Daniel P. Schofield, William C. McGrew, Akiko Takahashi, Satoshi Hirata: Cumulative culture in nonhumans: overlooked findings from Japanese monkeys? (Schofield et al. 2018).

Arijit Pal, Honnavalli N. Kumara, Partha Sarathi Mishra, Avadhoot D. Velankar, Mewa Singh: Extractive foraging and tool-aided behaviors in the wild Nicobar long-tailed macaque (*Macaca fascicularis umbrosus*) (Pal et al. 2018).

September 2021
