

Erratum to: Spatial distribution of avoidable cancer deaths in Germany

Leonie Sundmacher · Matthew D. Gaskins ·
Karen Hofmann · Reinhard Busse

Published online: 29 August 2012
© Springer-Verlag 2012

Erratum to: J Public Health (2012) 20:279–288
DOI 10.1007/s10389-011-0441-3

The original article, unfortunately, contained a mistake.

The third sentence under “Introduction” that reads “Taken together, approximately 46 % of all deaths in Germany that year could be attributed to some form of malignant neoplasm (Robert Koch Institute and Association of Population-based Cancer Registries in Germany 2010)” should be corrected to “Taken together, approximately 26 % of all deaths in Germany that year could be attributed to some form of malignant neoplasm (Robert Koch Institute and Association of Population-based Cancer Registries in Germany 2010).”

The online version of the original article can be found at <http://dx.doi.org/10.1007/s10389-011-0441-3>.
