Correction to: Annals of Operations Research

<https://doi.org/10.1007/s10479-019-03314-y>

This erratum is published because vendor overlooked corrections and section headings were given in numbered and run-on format.

Corrections provided by the author during the proofing stage were missed, and the removal of subsection title 1.1 and section title 2 was also overlooked, resulting in the first section being “1. Introduction” without any subsections, the second section being “2. Literature Review”, and so forth.

The original article has been thus corrected with the corrected references and thus updated.
