Subsequent to the publication of the above paper it has been brought to our attention that the species epithet proposed for the taxon represented by strain VRC07^T is not grammatically correct as “*Nocardia bhagyane-sis*” should have been proposed as *Nocardia bhagyanarayanae*. We propose here the corrected name for the taxon represented by strain VRC07^T.

Description of *Nocardia bhagyanarayanae* sp. nov.

Nocardia bhagyanarayanae sp. nov. (bha.gy.a.na.r-a.ya'nae: N.L. fem. gen. n. bhagyanarayanae, of

Bhagyanarayana, named in the honour of Prof. Bhagyanarayana Gaddam, a renowned Indian mycologist).

The description of the species is as given for “*Nocardia bhagyanesis*” in Vaddavalli et al. (2014) Antonie van Leeuwenhoek 105:443–450.

The type strain is strain VRC07^T (= KCTC 29209^T = MTCC 11725^T = ATCC BAA-2548^T).
