Correction to: Applied Psychophysiology and Biofeedback
<https://doi.org/10.1007/s10484-019-09438-y>

The original article has been corrected.

The original version of this article unfortunately contained an error in abstract section. The number of participants should be “Forty-six participants” instead of “Thirty-six participants”.

The correct sentence is as follows:

Forty-six participants were randomly assigned to one of two groups: a group given an anti-hyperventilation instruction and a control group without such an instruction.
