In the article by Anil Sadarangani et al., entitled “TRAIL mediates apoptosis in cancerous but not normal primary cultured cells of the human reproductive tract” some of the grant information appeared incorrectly.

The correct grant information is as follows:

This work was supported by a grant from the Wellcome Trust GR071469 (GIO) and the Chilean national science grants FONDECYT 1060495 (GIO) and 1050744 (MC).
