In the original publication of the article, the commentary of mine to Christopher Tindale’s article ‘Constrained Maneuvering: Rhetoric as a Rational Enterprise’ (*Argumentation* 2006, Vol 20, 4, pp. 447–466) English translations of phrasings regarding several distinctions in the concept of rationality were taken from Stefan Gosepath’s book *Aufgeklärtes Eigeninteresse: Eine Theorie theoretischer und praktischer Rationalität*, Frankfurt: Suhrkamp 1992, without providing reference to his publication.

I express regret if I have impinged upon the author’s rights and apologize for this error of omission.
