Correction to: Archives of Sexual Behavior
<https://doi.org/10.1007/s10508-018-1323-3>

The authors would like to issue a correction for a statement made in the conclusion section of the paper. As one might expect and as rightly stated throughout the paper, our study suggests that improvements in sexual function might *increase* sexual excitation and *decrease* sexual inhibition in women, not the other way around.
