The authors are indebted to S. Carulli for collecting very preliminary TLC-MALDI MS data in the course

of his PhD thesis work. I. Verrastro is gratefully acknowledged for his skilled help in collecting some experimental results during his Laurea thesis work.

The online version of the original article can be found under doi:[10.1007/s10534-013-9687-2](https://doi.org/10.1007/s10534-013-9687-2).
