

Preface

In order to still more focus on BIT's specialties, we have formed an Editorial Committee, where each member is responsible for a general area in the Numerical Mathematics field. A special welcome to the BIT family is said to Björn Engquist!

Timo Eirola, Ordinary Differential Equations and Dynamical Systems

Björn Engquist, Scientific Computation

Axel Ruhe, managing editor, Numerical Linear Algebra

Anders Szepessy, Partial Differential Equations, Stochastic Differential Equations

The Carl-Erik Fröberg prize 2006 will be given to a young author of a paper in BIT published in one of the volumes 44 and 45, which is 2004 or 2005. If you are eligible, born 1969 or later, please write to me. The prize winner will be decided on the meeting of the BIT Foundation Board in May 2006. The prize, which is named after the founding editor of BIT, is a cash prize of 5000 euros.
