The Editors and publisher regret to report that the paper published by Mohammad Asif Salam as “Corporate social responsibility in purchasing and supply chain” in the *Journal of Business Ethics* (2009), 85:355–370 is nearly identical to that published earlier by Mohammad Asif Salam as “Social responsibility in purchasing: the case of

Thailand” in the *International Journal of Procurement Management* (2007), 1:97–116. This is a serious violation of publication ethics which according to the *Springer Policy on Publishing Integrity* warrants a retraction notice to be published in the journal and a ban from publishing “in any of the journal’s publications for an initial period of 5 years”.
