The original article has been corrected.

In Table 5, under the code 'Inadequate Resettlement', the quotation "flooding was said to have affected 635,000 people, 180,000 of whom were living in emergency shelters" (Scudder, 2005, p. 26) was wrongly attributed to the Kariba dam (the quotation referred to the Cahora Bassa dam). The correct quotation for the Kariba dam reads: "The involuntary resettlement of 57,000 people within the reservoir basin and immediately downstream from the dam was responsible for serious environmental degradation which was one of a number of factors that left a majority of those resettled impoverished" (Scudder, 2005, p. 1).

In the Funding section the following funding information was missing: Daniela Del Bene acknowledges funding from the project 'EnvJustice' (GA 695446), funded by the European Research Council (ERC).
