For several years we have had a partnership with the European Society of Cardiovascular Radiology (ESCR). Recently this has been more formalized, also in the sense that the ESCR will contribute to the leadership of the *International Journal of Cardiovascular Imaging*. In particular this means that the following positions will be created for the ESCR:

Adjunct Editor ESCR	Prof Matthias Gutberlet, University of Leipzig – Heart Center, Germany
Additional Assoc Editor MR	Prof Luigi Natale, Catholic University of Rome, Italy
Additional Assoc Editor CT	Prof Joachim Lotz, Medical University of Göttingen, Germany

Additional Editorial Board members:

Prof Marco Francone, Sapienza University, Rome, Italy
Prof Christian Loewe, Medical University Vienna, Austria
Prof Birgitta Velthuis, University Medical Center Utrecht, Netherlands
Prof Rodrigo Salgado, University Hospital Antwerp, Belgium

I look very much forward to work with this excellent team to further grow the readership of the *International Journal of Cardiovascular Imaging*.
