Unfortunately, the original version of this article contained a mistakes.

In the abstract section, "mitochondWangrial dynamics" should be corrected as mitochondrial dynamics.

In figure legends 2 & 3) an image before =inhibition is missing. The corrected sentence in Figs. 2 and 3 legends are shown below.

In Fig. 2 legend, the sentence (=inhibition, CSCs=cancer stem cells, EMT=epithelial to mesenchymal transition, BTIC=Brain tumor initiating cells) should be corrected as ($\perp$ =inhibition, CSCs=cancer stem cells, EMT=epithelial to mesenchymal transition, BTIC=Brain tumor initiating cells).

In Fig. 3 legend, the sentence MYLS22 inhibits OPA1 and reduces tumor growth, angiogenesis, and metastasis (Herkenne et al. 2020) (=inhibition) should be corrected as MYLS22 inhibits OPA1 and reduces tumor growth, angiogenesis, and metastasis (Herkenne et al. 2020) ($\perp$ =inhibition).

The original article has been corrected.
