<https://doi.org/10.1007/s10567-021-00352-6>

In this article the statement in the Funding information section was incorrectly given as 'No funding for the review was provided' and should have read 'Support for this study was provided to Dave Pasalich by an Australian Research Council Discovery Early Career Researcher Award (Award DE170100078)'.

The original article has been corrected.
