Correction to: Cellulose (2019) 26:8745–8757
<https://doi.org/10.1007/s10570-019-02653-0>

In the original article, the sentence “It is observed that CC pattern displays characteristic peaks at 2θ of 12.69° , 20.17° and 22.05° , which is attributed to the typical (110), $(\bar{2}00)$ and (200) planes of CC I β crystalline, respectively.” under the section “Preparation of ANPs/C” was published incorrectly.

The correct one is “It is observed that CC pattern displays characteristic peaks at 2θ of 12.69° , 20.17° and 22.05° , which is attributed to the typical (1–10),

(110) and (020) planes of crystalline CC II, respectively (French 2014).”
