Erratum to: Dig Dis Sci (2016) 61:2878–2886 DOI 10.1007/s10620-016-4211-5

Two data errors are present in the original publication, which we correct as follows:

“Results” section, first paragraph under the subhead “Immunofluorescence Analysis”

The following sentences:

“Quantitative analysis revealed that the median numbers of mucosal P2Y₁ (0.921 ± 0.052 vs 0.565 ± 0.012 , $p = 0.007$).... In accordance with the PGP9.5 mRNA expression data, there was no difference in PGP9.5 protein expression between IBS-D patients and controls (0.217 ± 0.167 vs 0.485 ± 0.482 , $p = 0.203$) (Fig. 2b).”

should be substituted with:

“Quantitative analysis revealed that the median numbers of mucosal P2Y₁ (0.092 ± 0.052 vs 0.056 ± 0.012 , $p = 0.007$).... In accordance with the PGP9.5 mRNA expression data, there was no difference in PGP9.5 protein expression between IBS-D patients and controls (0.217 ± 0.267 vs 0.269 ± 0.301 , $p = 0.671$) (Fig. 2b).”

Also, there is one typographical error.

In the “Methods” section, first sentence of the first paragraph under the subhead “Histology and Mast Cell Infiltration Assessment”: substitute “5- μ m” for “5-mm.”
