Mohammad Bilal, MD is an advanced endoscopy fellow at the Beth Israel Deaconess Medical Center with Harvard

Medical School. He graduated from Army Medical College in Pakistan and subsequently joined Allegheny Health Network in Pittsburgh for his internal medicine residency. He completed his gastroenterology fellowship at the University of Texas Medical Branch at Galveston, where he also served as the chief gastroenterology fellow. His research interests focus on advanced endoscopy techniques, pancreatobiliary diseases and colon cancer. He is also passionate about medical education and completed a “Scholars in Education” program during his fellowship. He plans to continue a career in academic gastroenterology and advanced endoscopy after graduating his fellowship.
