This article should have appeared in the March 2019 special issue of Dialectical Anthropology titled “Labour Politics in an Age of Precarity” but was unintentionally not included in the issue.

This article has been retroactively added to the issue since that issue’s first date of publication, and its pagination does not reflect the order of the articles indicated in the Guest Editors’ introduction.

The Publisher apologizes to the author for this error.

The interview mentioned in the section “to disappear behind the sun” took place in January 2016 and not 2017.

Publisher’s note Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.
