Correction to: Environ Biol Fish

<https://doi.org/10.1007/s10641-017-0672-4>

The original version of this article unfortunately contained a mistake. The correct equation is now given below.

$$HS = \frac{f_c - f_h}{f_c + f_h} \quad (1)$$

Also in page 2, “where f_y ...” is rewritten as “where f_h ...”

The original article was corrected.
