Corrections 1–3: In three equation lines before the numbers: (2.10), (3.11), and (4.5), the end of the equations

$$\dots, 0 \leq \psi \leq E(m_1) \quad \text{should read instead} \quad \dots, 0 \leq \psi \leq K(m_1),$$

that is, $E(m_1)$ should be replaced by $K(m_1)$.

Corrections 4–5: In the paragraph before equation line (2.10)

$$\phi = E(m)/2 \quad \text{should read instead} \quad \phi = K(m)/2,$$

that is, $E(m)$ should be replaced by $K(m)$. Similarly, in the paragraph before line (3.11)

$$\phi = E(m)/2 \quad \text{should read instead} \quad \phi = K(m)/2.$$
