Erratum

The paper "Coupling climate damages and GHG abatement costs in a linear programming framework" by Maryse Labriet and Richard Loulou that appeared in Environmental Modeling and Assessment, Vol. 8, Issue 3, pp. 261–274, contained a transcription error in Table A.4. of Appendix A, page 270.

The following coefficients should read as:

$$\Phi_{atm-atm} = \Phi_{up-up} = \Phi_{lo-lo} = 1$$
$$\sigma_1 = 0.023$$
$$\sigma_2 = 0.002$$

Results presented in the paper were computed with these correct values.
