

# Correction to: Socioeconomic Risks of Extreme El Niño Event-Related Road Damages in Peru

Jean-Marc Montaud<sup>1</sup> · Jorge Davalos<sup>2,3</sup> · Nicolas Pécastaing<sup>2</sup>

Published online: 14 July 2022

© Springer Nature Switzerland AG 2022

**Correction to: Environmental Modeling & Assessment**  
<https://doi.org/10.1007/s10666-022-09830-9>

The second affiliation of Jorge Davalos reflected in the published article is incorrect. The correct data is shown below.

Finally, there is an error in the wording of the authors contribution. Currently the authors contribution reads:

“J.M Montaud: CGE modelling and redaction of the paper. J. Davalos: econometric modelling. N. Pecastaing: data collections”

Instead, it should read:

“J.M Montaud: CGE modelling and writing of the paper. J. Davalos: econometric modelling. N. Pecastaing: data collection and writing of the paper”

The original article has been corrected.

**Publisher's Note** Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.
