The following corrections should be taken into account for above mentioned article:

p. 49 Sentence "[...] which contributes to all the groups of descriptive bibliography [...]" should read "[...] which contributes to all the groups of **analytical** bibliography [...]"

p. 51 Sentence "Besides the descriptions of the formal citation, Gross, Harmon, and Reidy also discuss [...]" should read "Besides the descriptions of the formal citation, **Gross et al. (2002, p. 53)** also discuss [...]"

P. 62 The formatting of Graph 1 makes it difficult to distinguish between the two types of bars. A better Graph 1 is published in this Correction.

p. 71 Sentence "[...] Chapters 7 and 15 represent special cases [...]" should read "[...] **Chapter 7** represents special cases [...]"

p. 77 Bois-Jourdain's *Mélanges historiques, satiriques et anecdotiques* (1807) reference is not cited in the paper and should be disregarded.
