The article ‘Effect of Boron Micro-alloying on the Surface Tension of Liquid Iron and Steel Alloys’, written by Iurii Korobeinikov, Dmitry Chebykin, Seshadri Seetharaman and Olena Volkova, was originally published Online First without Open Access. After publication in volume 41, issue 5, page 1–14, the author decided to opt for Open Choice and to make the article Open Access publication. Therefore, the copyright of the article has been changed to © The Author(s) 2021 and the article is forthwith distributed under a Creative Commons Attribution 4.0 International License, which permits use, sharing, adaptation, distribution and reproduction in any medium or format, as long as you give appropriate credit to the original author(s) and the source, provide a link to the Creative Commons licence, and indicate if changes were made.
