The author found some inconsistencies regarding the figures in the published version. The following details are the corrections that were rectified in the published original version of the article:

- 1) In the published version, Fig. 1 (b) is actually the image for Fig. 3. It must be placed after Fig. 2 with the caption labeled in “Fig. 3”.
- 2) Fig. 2 in the published version is at right position with caption.
- 3) In the published version, the image in Fig. 3 is actually for Fig. 4. Thus, the image in Fig. 3 must be shifted to Fig. 4. However, the caption remains same.
- 4) Similarly, the image in Fig. 4 in the published version must be shifted to Fig. 5. However, the caption remains same.
- 5) Fig. 6 in published version is at right place with caption.
- 6) Figure 7 is actually Fig. 7(b) while the image for Fig. 7(a) (shown in the next page) was missing in the published version. However, the caption remains same.
