Call for volunteers

Are you a native speaker of German?

The *International Journal of Educational and Vocational Guidance* is continually in need of volunteers to translate article abstracts. We are currently in need of additional volunteers who can translate English-language abstracts into German. Typically, volunteers translate one 100-word abstract once every month or two, for a total of less than 10 abstracts a year. In exchange for this valuable service to our scientific community, your name will be listed in our masthead and you will receive free access to the journal. We can also provide a testimonial letter about your involvement with the journal if needed. A degree of familiarity with the domain is needed, but translators who are at the stage of being a doctoral candidate are already welcome.
