Correction to:

Journal of Autism and Developmental Disorders
(2016) 46:2621–2634
<https://doi.org/10.1007/s10803-016-2800-y>

Also, in Table 2, the p values for the Intercept and Internalizing (slope effect) coefficients are listed as $>.001$. It should be $<.001$.

The original version of this article unfortunately contained a mistake. In the heading “Data Analytic Plan”, under “Level 2” the following equations were published incorrectly.

$$“\pi_{0i} = \beta_{00}(\text{Intervention Status}) + \beta_{01} + r_0$$

$$\pi_{1i} = \beta_{10}(\text{Intervention Status}) + \beta_{11} + r_1”$$

Instead should say:

$$“\pi_{0i} = \beta_{00} + \beta_{01}(\text{Intervention Status}) + r_0$$

$$\pi_{1i} = \beta_{10} + \beta_{11}(\text{Intervention Status}) + r_1”$$

The original article can be found online at <https://doi.org/10.1007/s10803-016-2800-y>.
