Erratum to: J Insect Conserv DOI 10.1007/s10841-015-9779-0

The original version of the article has been published with certain errors that are corrected in this erratum.

In Table 1, ME should be removed because it has an error in its ME magnitude. The correct ME values are

presented in Tables 2 and 3. Therefore, Table 1 should not be considered.

Therefore, the first sentence of the result section should read “The Procrustes ANOVA applied to assess the measurement error showed that MS individual variation due to FA exceeded the measurement error (Tables 2, 3).”

The online version of the original article can be found under doi:[10.1007/s10841-015-9779-0](https://doi.org/10.1007/s10841-015-9779-0).
