Retraction Note to: J Mater Sci (2011) 46:6007–6017
<https://doi.org/10.1007/s10853-011-5563-z>

The Editor-in-Chief has retracted this article [1] because it significantly overlaps with a large number that were under consideration at the same time, including [2], and previously published articles [3–6]. Additionally, the article shows evidence of peer review manipulation. The authors have not responded to any correspondence regarding this retraction.
