Erratum to: J Mater Sci: Mater Electron DOI 10.1007/s10854-017-7201-2

The original version of this article unfortunately contained a couple of mistakes in Results and discussion section. Figure 8 was missing and an error noticed in figure citation.

It has been corrected with this erratum.

In the 1st line of last paragraph in “Result and discussion” section (in right side column, before Conclusion), the citation should be Fig. 8 instead of Fig. 7.

The correct sentence should read as:

“Figure 8 depicts room temperature PL spectra of as deposited and annealed PbTe–InSe multilayer nanocomposite excited at 500 nm. ...”

The missing Fig. 8 is given below.

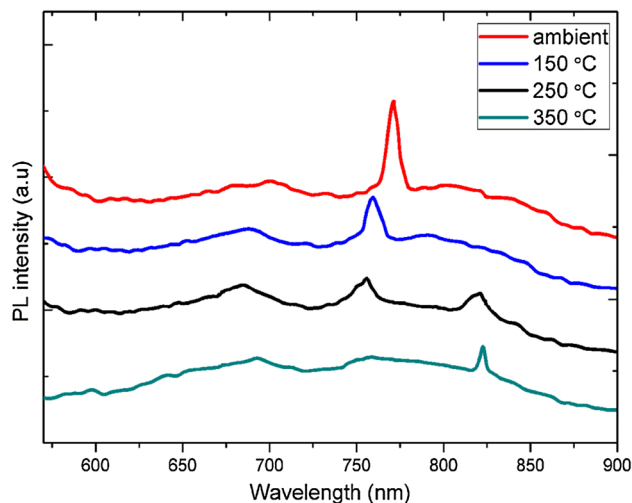

Fig. 8 PL spectra of PbTe–InSe multilayer nanocomposite excited at 500 nm at room temperature
