Retraction to: Journal of Materials Science: Materials in Electronics (2018) 29:8142–8152
<https://doi.org/10.1007/s10854-018-8819-4>

The Editor-in-Chief has retracted this article [1] because it substantially overlaps with the following articles (among others) [2–9]. [Author Abdelmajid Lassoued does not agree to this retraction and none of the other authors have responded to any correspondence from the editor or publisher about this retraction.]
