This special issue publishes a collection of papers that were submitted to the Journal of Materials Science: Materials in Electronics on the theme of Perovskites.

All the papers published in this special issue have been selected by the guest editors based on their quality of scientific research, submitted as regular papers to this journal, and gone through the journal's regular rigorous peer review process. The coordinating guest editor would like to thank the Editor-in-

Chief (Professor Safa Kasap) of Journal of Materials Science: Materials in Electronics for his continuous support and the coeditors for their contribution to the completion of this special issue.
