<https://doi.org/10.1007/s10875-021-01080-w>

The original version of this article contains an error in the nucleotide change of the patients mutation. The correct nucleotide change is a heterozygous c.3074A>G mutation in the *PIK3CD* gene (NM_005026.3). This was incorrectly stated in the case description, Fig. 2 and in the title of Fig. 2. Although the nucleotide change was stated incorrectly, the subsequent amino acid change (p.Glu1025Gly) was correct throughout the text. Therefore, our further findings and conclusions are unaffected.

Publisher's Note Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.

First authors, these authors have contributed equally to the manuscript.

The original article can be found online at <https://doi.org/10.1007/s10875-021-01080-w>.
