The original version of this article unfortunately contained a mistake in the Caption of Fig. 8. The corrected caption should read as follows:

**Fig. 8** Phase diagrams of Pt–Cu systems at the bulk scale as a function of melting point temperature vs Cu weight composition (x) as in  $\text{Cu}_x\text{Pt}_{1-x}$ . The experiment points were from Refs. [29, 36]

Also, the correct references for the experimental data are listed below:
