Publisher's Note Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.

The corresponding author has identified a calculation mistake in the original publication of the article. The corrected value is given in this Correction.

Under the Results section, the median (range) age of the patients in the methodological study should read 76 (26–86) years instead of 56 (26–86) years.

The original article can be found online at <https://doi.org/10.1007/s10877-018-0197-1>.
