The original article has been corrected.

The original version of this article unfortunately contained an error in text. The direct citation present in the start of the sentence is changed to indirect citation and merged citations provided in the previous sentence.

The sentence in third paragraph under “The Structure and Expression of the Self” section, published incorrectly as “... part of a functional whole, allowing for a sense of cohesion and temporal continuity (Bromberg, 2009, 2013; Lysaker et al., 2018; Semerari et al., 2003) describes this transitioning as occurring...”.

The corrected sentence should read as “...part of a functional whole, allowing for a sense of cohesion and temporal continuity (Bromberg, 2013; Lysaker et al. 2018; Semerari et al., 2003). Bromberg (2009) describes this transitioning as occurring...”.
