Erratum to: J Dev Phys Disabil (2010) 22:359–366 DOI 10.1007/s10882-010-9199-8

In the original version of this article, the title of the test used by the authors should have been correctly referred to as *Social Communication Questionnaire* (SCQ).

Furthermore, the SCQ items contained in Table 3, “Question” column were reprinted without the proper authorization of the authors and copyright holders, and were found to contain material errors. In this regard, this erratum is thus published.

Qualified readers of the article will be able to obtain the actual item content from an SCQ Manual or actual SCQ Lifetime form, as published by Western Psychological Services.

The online version of the original article can be found at <http://dx.doi.org/10.1007/s10882-010-9199-8>.
