We are very pleased to publish in this issue papers by Professors Michael McKenna, Derk Pereboom, and Dana Kay Nelkin. These papers from distinguished philosophers were invited by J. Angelo Corlett, the journal's founding and previous editor. It was part of Professor Corlett's understanding that these invited papers would not go through the journal's double-blind review, and we have honored that understanding.

Publisher's Note Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.
