The original version of this article unfortunately contained errors in in-text reference citation and in reference list.

In last sentence of Background section and Conclusion section, the in-text reference citation should be [15] instead of [16]. Thus, the last sentences should read as follows

In background section:

The guide raises awareness about the burden of oral diseases among refugees and provides a step by step plan to advocate for better oral health in this vulnerable population [15].

In conclusion section:

Success stories, best practices and a step-by-step roadmap to advocate for better oral health among refugees were presented in the FDI Refugee Oral Health Advocacy Guide [15] and can be used to inform and inspire such initiatives.

And in Reference 15, the web link provided earlier is broken and the correct link is <https://www.fdiworlddental.org/sites/default/files/2021-02/Promoting%20Oral%20Health%20for%20Refugees%20-%20An%20Advocacy%20Guide.pdf>

The original article has been corrected.
