The original version of this article unfortunately contained a mistake. In Table 3 of this article, the data in the column headed ‘Thanksgiving’ and ‘Gratitude’ were mistakenly flipped between two columns. The data have now been corrected.

The sentence under the heading ‘Representing Thanksgiving Versus Gratitude in the Full Body’ should have read as ‘Gratitude postures are more often represented with a forward lean and less with the head oriented upward than thanksgiving postures’.

The original article has been corrected.
