“Stimulated Raman Scattering in Photonic Crystals Infiltrated with Raman-Active Liquids,”

by M. A. Shevchenko, N. V. Tcherniega, M. V. Tareeva, R. A. Khmel'nitsky, A. D. Kudryavtseva, and V. I. Savichev

Vol. 40, No. 6, pp. 554–558, November 2019

Due to an error in processing, Figs. 3 and 4 have been corrupted. The correct figures are below:

Fig. 1. SRS spectrum in water infiltrating the photonic crystal.

Fig. 2. SRS spectrum in ethanol infiltrating the photonic crystal.

The original version of this article has been revised.
