Correction to: J Supercond Nov Magn

<https://doi.org/10.1007/s10948-018-4916-0>

The original version of the article unfortunately contained an error.

A new paragraph should be inserted as the last paragraph of Section 3 Flux Flow and Flux Creep

The new paragraph should read:

In addition to their effect of vortex motion, Abrikosov vortices generate important effects in many areas of physics, and in particular in the case of superconducting microelectronic devices. However, covering all these important aspects would exceed the scope of this review.

The original article was corrected.
