Correction to:
Journal of Scheduling
<https://doi.org/10.1007/s10951-018-0580-2>

The original publication of this article contained a number of grammatical errors. Unfortunately, an incorrect version of the file that did not include some final language editing was inadvertently processed by the typesetter. In many occurrences, words such as “durations”, “analyses”, “comprises”

and “ratios” were incorrectly published as duration, analysis, composed, and ratio.

The original article has been corrected.
