Correction to: Journal of Youth and Adolescence (2020)
49:427–437
<https://doi.org/10.1007/s10964-019-01185-x>

The original version of the article was inadvertently published with the errors in the values of Tables 1 and 2. The corrections are listed below:

- (1) Table 1: skewness of parental phubbing should be 0.43 rather than 0.3.
- (2) Table 1: kurtosis of depressive symptoms should be 2.34 rather than 20.4.
- (3) Table 1: $p < 0.01$ rather than $p < 0.1$.
- (4) Table 2: in step 2, the effect of perceived economic stress on depressive symptoms should be 0.06 rather than 0.6.
- (5) Table 2: in step 3, the effect of perceived social support on depressive symptoms should be -0.05 rather than -0.5 .
- (6) Table 2: in step 3, the interaction effect of parental phubbing and perceived social support should be -0.03 rather than -0.3 .
