Correction to: *Journal of Sol-Gel Science and Technology* (2021) 98:605–614
<https://doi.org/10.1007/s10971-021-05532-y>

The authors would like to correct the errors in the publication of the original article. The corrected details are given below.

(a) The graphical abstract should be replaced with the following version.

(b) The Fig. 8 should be replaced with the following version.

Fig. 8 Mechanism of photocatalysis by semiconductor coupled titanium oxide under UV-Vis light

Fig. 9 Redox reaction mechanism of photocatalytic degradation of acetone by semiconductor coupled titanium oxide under UV-Vis lights

(c) The Fig. 9 should be replaced with the following version.

(d) The equations in section 3.4 should be modified follows.
