Erratum to: J Therm Anal Calorim DOI 10.1007/s10973-015-5170-3

We unfortunately found a mistake in the recently appeared paper “Food and ascorbic scavengers of hydrogen peroxide: A reaction calorimetry investigation”, appeared in JTAC.

The right part of Fig. 14 does not report one of the plots (it probably was lost in some cut and paste routine).

We provide here the correct Fig. 14.

We sincerely apologize for the inconvenience.

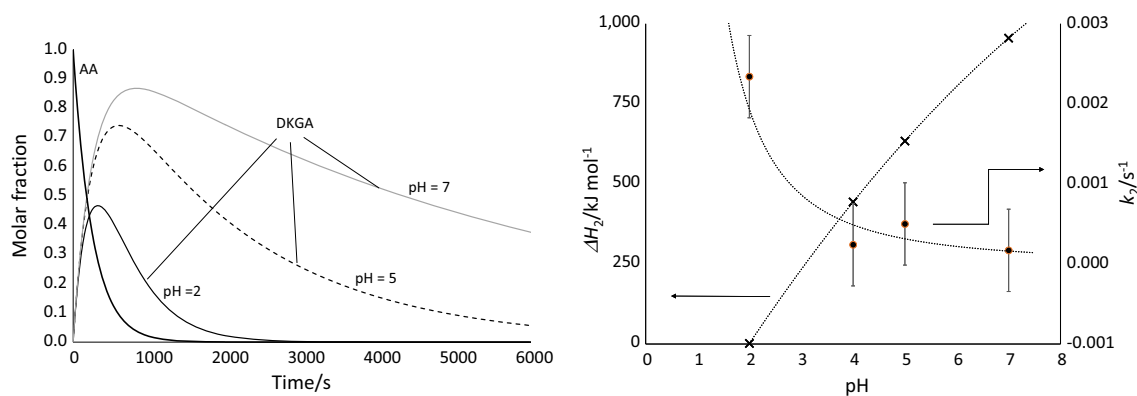

Fig. 14 Trends of the molar ratios of AA and DKGA at various pH. Kinetic constant and enthalpy drop of the second step of the two consecutive step model

The online version of the original article can be found under doi:[10.1007/s10973-015-5170-3](https://doi.org/10.1007/s10973-015-5170-3).
