Correction to: *Journal of Thermal Analysis and Calorimetry*
<https://doi.org/10.1007/s10973-021-11057-x>

Publisher's Note Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.

Unfortunately in the original publication, the reference citations in the second sentence in the second paragraph of the introduction were incorrectly published.

The corrected sentence should read as “Examples of applications are adsorption of heavy metals [9, 14], photocatalysis [15] and replacement of toxic synthetic flame retardant polymers”.

Further, the reference list and its citations were also renumbered accordingly.

The original article has been corrected.

The original article can be found online at <https://doi.org/10.1007/s10973-021-11057-x>.
